### Thursday Nite Club

Our next meeting is **March 9** and we will tackle **Metal Framing** to finish up your panel. I know those angles can be confusing, but we have a few tricks to help you through it. We will explore other exciting and decorative framing options as well.

On **April 13** we will be heating up The Glass House with a demo on making **Hot Glass Beads** that you can make in your very own workshop! We are having a guest join us to show how to string and finish off those beautiful beads into dazzling necklaces or bracelets.

Diane from **McM Designs - The Bead Shop**, at Franklin Mall, will give us a some great ideas as how to finish off our very own hand made glass beads. Pssst . . There will be a secret price on the Beginner Bead Kits as well as a discount coupon off McM Design bead supplies for those who attend.

**Cracked - Oh No!** Has this ever happened to you? You are just about finished with Aunt Martha's birthday gift and you hear that snap! Join us on **May 11** and learn how easy **Foil Repair** really is. We will talk about some of the causes of cracks and how to deal with them.

#### Details Details . . .

The Club fee is only \$10 per year. We meet every second Thursday from 6:30 - 7:30pm, rain or shine. The meetings are informal and open to any questions, about glass of course. You can come to as many meetings as you like and after 6 meetings you will get a \$10 gift certificate. You can't loose! But you have to be a member to attend.
