Steve is the ultimate bargain hunter (hey, anything to give our customers a bargain!) and he hunts all year to find special deals on glass and tools.

Afraid to turn on that new kiln? Forgot what you learned in class about operating the kiln? No worries! We have a class just for you!

We will fill half of the parking lot with glass crates full of great glass at great prices! Inside you will find more bargains on used equipment, new items, bevels, books and much more! You don't want to miss this semi-annual Parking Lot Sale!

We have so many bargains that we will be open **Saturday 9:30 - 4pm and Monday 9-6pm**. Saturday will be outside (*Rain Or Shine*) and Monday will be inside the store! Come early and bring the big truck! **More parking next door at Drive-In Antiques!**

**Be Not Afraid!** In this class we will solve the mystery of what happens when the coils start to glow and what to do next! We will discuss firing schedules, basic fusing techniques, kiln maintenance as well as mold preparations. All the things you want to know to become a successful fusing artist!
