## Parking Lot Sale June 2 & 4

Steve is the ultimate bargain hunter (hey, anything to give our customers a bargain!) and he hunts all year to find special deals on glass and tools. This year he has outdone himself!

He has raided a stash of forgotten glass treasures that has been stored for over 15 years! In his travels to bring you the ultimate bargains, he has brought to light 9 cases of beautiful glass just for our Spring Sale. That is in addition to all of the sale glass we had already planned for this sale! We are still in the process of going through all of the glass so I can't tell you exactly what we have yet. You won't want to miss this sale and a chance to find that perfect color for your next project!

If that wasn't enough, he has scored a huge assortment of Fusible Glass, 90 & 96 coe, and includes glass that we haven't had before. You can fuse with it or use it for your stained glass projects - it doesn't care!

We will fill half of the parking lot with glass crates full of great glass at great prices! Inside you will find more bargains on used equipment, new

items, bevels, books and much more! You don't want to miss this HUGE semi-annual Parking Lot Sale! Don't pass up that awesome piece of glass and think it will be available in the store later. After the sale is over, the glass goes back into hiding until the next parking lot sale.

We will have the bargains out on **Saturday 9:30-3pm and Monday 9-6pm**. Saturday will be outside (*Rain Or Shine*) and Monday will be inside the store! Come early and bring the big truck!
