### Glow-in-the-dark

## Garden Stake Class

Saturday 10-1pm Fee \$40

*Includes Materials*

We are honored to announce a guest instructor coming here to teach a new class: *Glow In The Dark Garden Stake*. Karen Carney has been featured as "one of the best" in the stained glass trade publications and has owned her stained glass store for 29 years in the Metro Detroit area. She was voted as Retailer Of The Year in 2008 and has taught countless students at her store over the years.

Straight from Las Vegas Glass Craft Expo, Karen will be here on **May 21** to share her trade secrets for making this beautiful yard ornament! You will be creating a really cool *Glow-in-the-dark Garden Stake* with dichroic beveled glass, beads, Curly Q's and dangly things.

No foiling is required as we will use copper channel that not only looks great, but is very stable to the structural integrity of this yard art. You will see how easy it is to work with the copper channel.

Just bring your soldering iron, solder, flux, work board, needle nose pliers and copper patina with you to class. We will provide the rest! Space is limited so call today and reserve your seat.

**Psst. .** This class in Vegas cost the students \$130 so this is a real bargain and a fantastic opportunity to learn a new technique from one the best in the glass world!
