Prairie Style Lamp Class

featuring Morton's Portable Glass Shop

Skill Level

Mon 6:30-9pm 3 weeks- Fee \$50
Plus materials

Learn how to do a flat panel lamp and tackle the Morton Glass Cutting System at the same time. In this class, you will cut

out a "Prairie Style" lamp using the Morton System. We will show you how to set up your Portable Glass Shop to cut angles and strips the easy way. The class will be every **Monday**, 6:30-9 for 3 weeks.

The Fine Print:

You will need to purchase your glass before class begins. Lamps sometime take a while to choose glass for, so you may want to come in early to make your selections. Also, you will need to bring your glass cutting tools, Portable Glass Shop, ruler & sharpie marker with you to class.

The class fee is \$50 plus materials. When you come in to sign up, be sure to pick up your lamp pattern. Class space is limited so call today!

Soldering Secrets and Finishing Touches

Nov. 6

Skill Level

Tues 6:30-9pm Fee \$20

Learn how to solder like a professional! We will share our trade secrets on soldering and show you different techniques that will help improve your soldering skills. We will also cover **decorative soldering** that will jazz up your next project. And, if that isn't enough, we will show you how to tune up your iron and talk about different types of irons.

We will also show you how to add the finishing touches to your works of art. You will learn about cleaners, patinas, and polishes that will make your project stand out!

This class is a hands-on class! Show us what you don't like about your soldering and we will show you how to fix it. You will need to bring your iron, flux & solder. We will provide the rest!

Lead In A Day

Sat. 9:30-2:00pm Fee \$20

Learn the lead came technique during this one day class demonstration.

You will get a step by step look at how a leaded panel is assembled. The class will be geared for the person who has experience with foil but isn't sure about using lead. We will discuss all aspects from initial pattern allowance and actual leading to soldering and cementing. This offering is designed to help those who are unable to attend our regular lead class. Time will include a 1/2 hour lunch break so bring a sack lunch.

10 Things to do with "Wine" Bottles

Nov. 10

Skill Level

Sat. 9:15-1:15pm Fee \$25

Plus materials

Do you ever look at that empty wine bottle and wonder "What can I do with this?" Creative Glass people hate to throw anything away, so let's see what we can do! We will show you many different projects that you can do with them. We will show you how to cut the bottoms out to make hanging lanterns. We will show you how to use the

bottle cutter as well as drilling holes into the bottles. We will also talk about how to flatten them into cheese trays.

In this class, we will show you many techniques to dress up your empties. Bring in your favorite bottle and let's make some magic! This is the ultimate in recycling!

Fused Holiday Plate

Skill Level

Sat. 9:15-1:15pm Fee \$35

Plus materials

Ward off the snowfall with this beautiful Snowman plate that you can make yourself! As long as you have it displayed on your table, the snow will stay away, right? Or make a wonderful Christmas Tree to decorate your holiday table. Anyway, you will

get to use the larger kiln for this project and learn more about the world of hot glass fusing! You will need glass cutting experience for this class.

The fee is \$35 plus materials. The plate will be 8-12" in diameter. In this class we will cover the basics of glass fusing and slumping in the larger kiln. Each student actually has their own kiln to fire their project.

Class is limited so sign up today!
