Parking Lot Sale May 24, 25, & 27

Steve is the ultimate bargain hunter (hey, anything to give our customers a bargain!) and he hunts all year to find special deals on glass and tools.

We will fill half of the parking lot with glass crates full of great glass at great prices! Inside you will find more bargains on used equipment, new items, bevels, books and much more! You don't want to miss this semi-annual Parking Lot Sale!

We have so many bargains that we will be open **Saturday 9:30 - 4pm, Sunday 11-3, and Tuesday 9-6pm.** Saturday and Sunday will be outside and Tuesday will be inside the store! Come early and bring the big truck!

But Wait, There's More!

We are hosting our first ever **Glass Cutting Contest on Sunday (May 25) at 1pm.**

Each participant is provided a pattern, clear glass, and a time limit. Judging will be based on number of pieces accurately cut to the pattern. Prizes will be awarded in 2

categories- *Beginner* (3 years or less experience) and *Advanced* (over 3 years)

Bring your favorite "traditional" glass cutter and breaking pliers. We will provide the rest. You will not only win bragging rights but great prizes as well, including a **new oil fed Glass Cutter** and much more!

Come and join the fun or come and cheer on the contestants! **Let's Have Some Fun!**

Important Email Alerts

We have noticed that some snail mail has gone back to the Pony Express delivery system and our fliers are taking forever to get to you. One way to make sure you find out about our new classes and specials is

to sign up for our email alerts at www.glasshousestore.com.

Don't be left out of the loop! Our emails can include on-line specials in the coming months!

I promise that we will not share your info with anyone! You will still get your paper flier eventually but you can go online and see what's new as soon as it's finished!

What's New?

Check out the newest line of glass paints called **Color Magic!** You can add your own personal touch to any flat glass, bottles or 3-D projects with this unique paint. The best part is you don't have to fire it in a kiln. Just let it air dry and you can display your new art work! Color Magic comes in so many colors including Hot Pink, Glitter Gold, Silver, Turquoise and many more.

Can't keep that bottle still while drilling holes in it? We have just what you need: Our new **Drilling Assistant!** It will keep the bottle steady and works in conjunction with the **V-Grip Drill Guide** for the perfect hole.

Dichroic Glass can take an ordinary fused pendant and turn it into something spectacular! We now have a pattern Dichro with Pink Ribbons on clear (90 coe). You can put that on a black or white background for

something fast and unique (and easy!) Let's keep that our little secret!

The Glass House has been busy making new designs to inspire you! We have two new "Rondels" to jazz up your designs. The Poppy and the Nova are 8" in diameter and hand painted and kiln fired centerpieces! Stop by and see the new panels and get inspired!

Poppy \$20 ea. Nova

5 1/2" POPPY \$18

New Neighbors

Our new Neighbor on the south side of the Glass House is **The Willow Branch**, a shabby chic boutique, and is now open. Stop by and check out Oakland's newest gift store. Tell them we sent you!
