

# Start out 2006 with a Wacky Contest

## Wacky 6000 Contest

Let's put some fun into our stained glass hobby and have a wacky contest. We are looking for the best use of Spectrum's 6000 Black and White Baroque glass. It can be an original design or something that is out of a pattern book. You can make the project any size or shape, as long as you are able to bring it in for our judges to see.

To start you out, we will give you a **FREE** piece of this glass to inspire you in your project. If your creation is chosen as the "best use" of the glass, (determined by the judges) you will not only win a \$25 Glass House gift certificate, but your name will be immortalized in our fliers that are sent out all over the U.S.A. and even internationally. How cool is that?

So come in today and pick up your **FREE** piece of 6000BQ (you will need to have the coupon below) and start creating today. **The contest will end May 1, 2006.** Good Luck!
