HOURS: Mon-Fri 9-6, Thur 9-8,

Gigantic Spring Sale

Don't miss one of our biggest SALES of the year on **May 20!** Rain or shine we will have crates of glass everywhere full of fabulous bargains. We will have glass as low as \$1.99 sq. ft. and bevels that are practically free (well, cheap anyway). Not to mention other specials that are too juicy to tell you about at this point! Do I have your curiosity going wild? Well, you will just have to come and see what The Glass House Nuts have up their sleeves for this sale!

The boss says you have to work on Saturday? Don't worry, we will leave plenty of bargains out just for you on Monday. But if you wait till Tuesday, you might miss out on all of our spectacular deals! So bring the big truck and load it up – you'll be glad you did!

Wacky 6000 Contest

Thanks to all of you who entered our Wacky 6000 contest! We had many wonderful and creative entries and the judges had a difficult time deciding on only one winner. The entries were so good that we wanted to share them with you so we are holding a **Wacky Gala on Thursday May 25, 6:30-7:30.** You will get to meet many of the artists and see the fabulous entries. As with any fancy gala, there will be refreshments, so make sure you stop in and enjoy the show. The winner will be announced at the Gala.

Important Flier Info:

After considering popular and sometimes insistant requests, The Glass House is now posting its extremely informative flier on its website.

electrons, time and space, we are striving to find new ways to keep you updated. If you want to be notified of its posting let us know your e-mail address and we will send you a notice as soon as it is posted.

This is somewhat of a trial venture for us, so help us out with a little feedback. If you would like to e-mail us with your address, send it to: sales@decaturmemoies.com or visit: www.decaturmemoies.com/.

For those of you that maintain that computers are evil and they remind you of work, fear not, we will still be sending out our beloved paper version.

UPDATE: We are updating our mailing list once again. If you have a S03, S04 by your name you may be on the endangered list. Please call, email, or send a note to let us know you still want to get those fabulous Glass House Fliers!

Stained Glass News is here and it is FREE!

What's New?

There are so many new things at The Glass House that I don't know where to begin.

Christine Stewart has a new mosiac book out called *Mosaics Unlimited*. She takes you on a journey of glueing glass onto all sorts of objects. You can take a dull and boring objects and make new works of art. In fact, I actually have one of her mosaic teapots that she did for the book. She has used some of our bugs and critters on her teapots that are pictured in the book. There are also fused elements that can be used as well. Stop by and see her masterpieces!

Aanraku Glass Studios have two new books to add to your collection. *Create A Blessing* has many new religious patterns. *English Lead Lites* features designs taken from English window. English windows lean towards victorian or art nouveu style designs.

Kitchen Stained & Art Glass For Your Home has over 100 designs from Arts & Crafts to Contemporary ideas for your cabinets, transoms, windows and doors. CKE has a new book called *Straight & Simple Stained Glass Patterns*. Just as the title suggest! It is great for those last minute gift ideas!

We have added to our bugs and critters! Check out the dolphins, seahorses, whales, feet, hands, orca, sun/moon, & dragonflies for all of your next mosaic projects!

Morton Glass Works has a new Super Mini cutting grid that is larger than the mini grids but smaller than the large grid. It also includes a cutting bar to extend your maximum cutting sizes with out taking up more space on your work bench. There are times when you set up your system and get ready to cut your glass and it won't fit. Now you have to take apart your system and turn your grid the long way to accommodate the longer glass. Then you have to set it up all over again. Boy, would this Super Mini help you!

Fusing Corner

Spectrum System 96 fusible glass is now available. We have added more System 96 glass to our inventory! For those of you just getting started in fusing, or are experts in the craft, we are expanding our fusible glass.

We carry Bulleye (90), Urboros (90) and Spectrum (96). We would like to carry every color but unfortunately we have to be selective. We also carry many colors of dichroic fusible glass, (90 & 96) to jazz up your projects. If you haven't tried fusing (melting glass in a kiln) but would like too, ask one of our helpful sales persons about getting started.

©May 06 The Glass House

Consider this your ticket to the Wacky 6000 GALA. Not only find out who won, but come for refreshments, and take advantage of special pricing on select ART GLASS.

Just for the night, Steve is pulling some glass out of one of his many hiding places and giving a healthy discount on it. So stop by and take home some of his treasured glass. (He needs the room.)

Thursday May 25!

Pattern Book Bonanza

Steve has put his lime green suit on again and that means he has been making crazy deals yet again. During the GIGANTIC SPRING SALE we'll have a rack of books at 1/2 price. Not the usual old stuff mind you. No, these are some fairly recent titles and good ones at that. Come judge for yourself, and save while planning your next project

Thursday Nite Club

Our next meeting is **June 8** and we will have *Widgets and Gizmos* night. See how *Widgets* and *Gizmos* can make your stained glass hobby more enjoyable and easier. Who doesn't love gadgets like the cordless grinder, the grinder mate, M-80 breaker and zinc cutting vises, to mention a few.

On **July 13** we will be dressing up our projects with different *Doodad Effects*. See how you can jazz up your boxes or panels with a little 3-D doo dad. Also, we are going to tackle *Glass Etching*

once more. If you remember, the last time we were to do etching, it snowed 4 inches. So, we thought we would try again and hopefully the snow will not factor into the evening.

Our August Thursday Night Club will not meet because your fearless leader will be hitting the highway with 2 kids and a road map for the wrong state. Tune in for a fabulous September Thursday Nite meeting, I'm sure I will have stories to tell.

If you have any ideas for our club just let me know. Thanks to all of our Thursday Nite gang, it is a blast!

Details Details . . .

The Club fee is only \$10 per year. We meet every second Thursday from 6:30 - 7:30pm, rain or shine. The meetings are informal and open to any questions, about glass of course. You can come to as many meetings as you like and after 6 meetings you will get a \$10 gift certificate. You can't lose! But you have to be a member to attend.
