After Turkey Sale

Join us for our third annual After Turkey Sale on **Nov. 27 & 28**. Besides the In-house unadvertised specials during those 2 days, we are

playing our **Shake & Roll Discount Bonus game.**

You are the captain of your own discount ship and you get to make the call! You roll the dice once and what number you get reflects what discount that you get off of your purchases. If you roll a 12 you get 12% off all of your regular priced merchandise. And, if you roll a lucky 7 you will get **15% OFF!** This a great chance to buy that grinder or iron or even a Portable Glass Shop you have been wanting. May the odds be with you! New this year: We are extending the discount towards any regular priced gift items in the store! So start your Christmas shopping early and save money!

Quick & Easy Gifts Class

6:30-9pm Fee \$10 Plus Kit and Lead

Looking for a fun evening in glass? We are going to be putting together a pre-cut Window Hanging Kit that will take no time to assemble and make the most beautiful gift for that special someone!

briefly to the lead method of construction. You will have your choice

of many Pre-Cut Kits and all you need to bring are your lead cutters, solder, work board, flux & iron. You will need to decide which kit you want to make when you sign up for the class!

We have several Kits (even on Sale!) in stock to choose from including Flowers, Hummingbirds, Cardinals, & Holidays! Kits must be purchased at The Glass House before class night.

Photo Stencil Sandblasting Beveled Box Class

Nov. 30

6:30-9pm Fee \$45 All materials included

Develop your very own stencil using a Photo Resist technique. You will actually use a dark room technique to design your stencil and sandblast your artwork onto a **BEVELED GLASS JEWELRY BOX**. This

technique is a great way to work with a more detailed stencil like a business logo, cartoon character or lettering or pictures of your family.

You will need to bring in your black/white print or photograph by **Nov. 23** so we have time to prepare your design for the photo process. It can be computer generated or a drawing but it must have dark black lines, not shades of grey and fit in a 3" x 3" square space. Talk to Steve about your design ideas and he will guide you in deciding what will work for this process.

In addition to learning about stencil development we will cover some sandblasting basics.
